

# FLOWER TOKEN

# WHAT IS FLOWER TOKEN?

It is the very first cryptocurrency backed up by technological development, marketing and solidary economy. Created under the ERC-20 protocol in ethereum blockchain. The Fastest, safest and most increased technology growth in the Cryptoassets market.

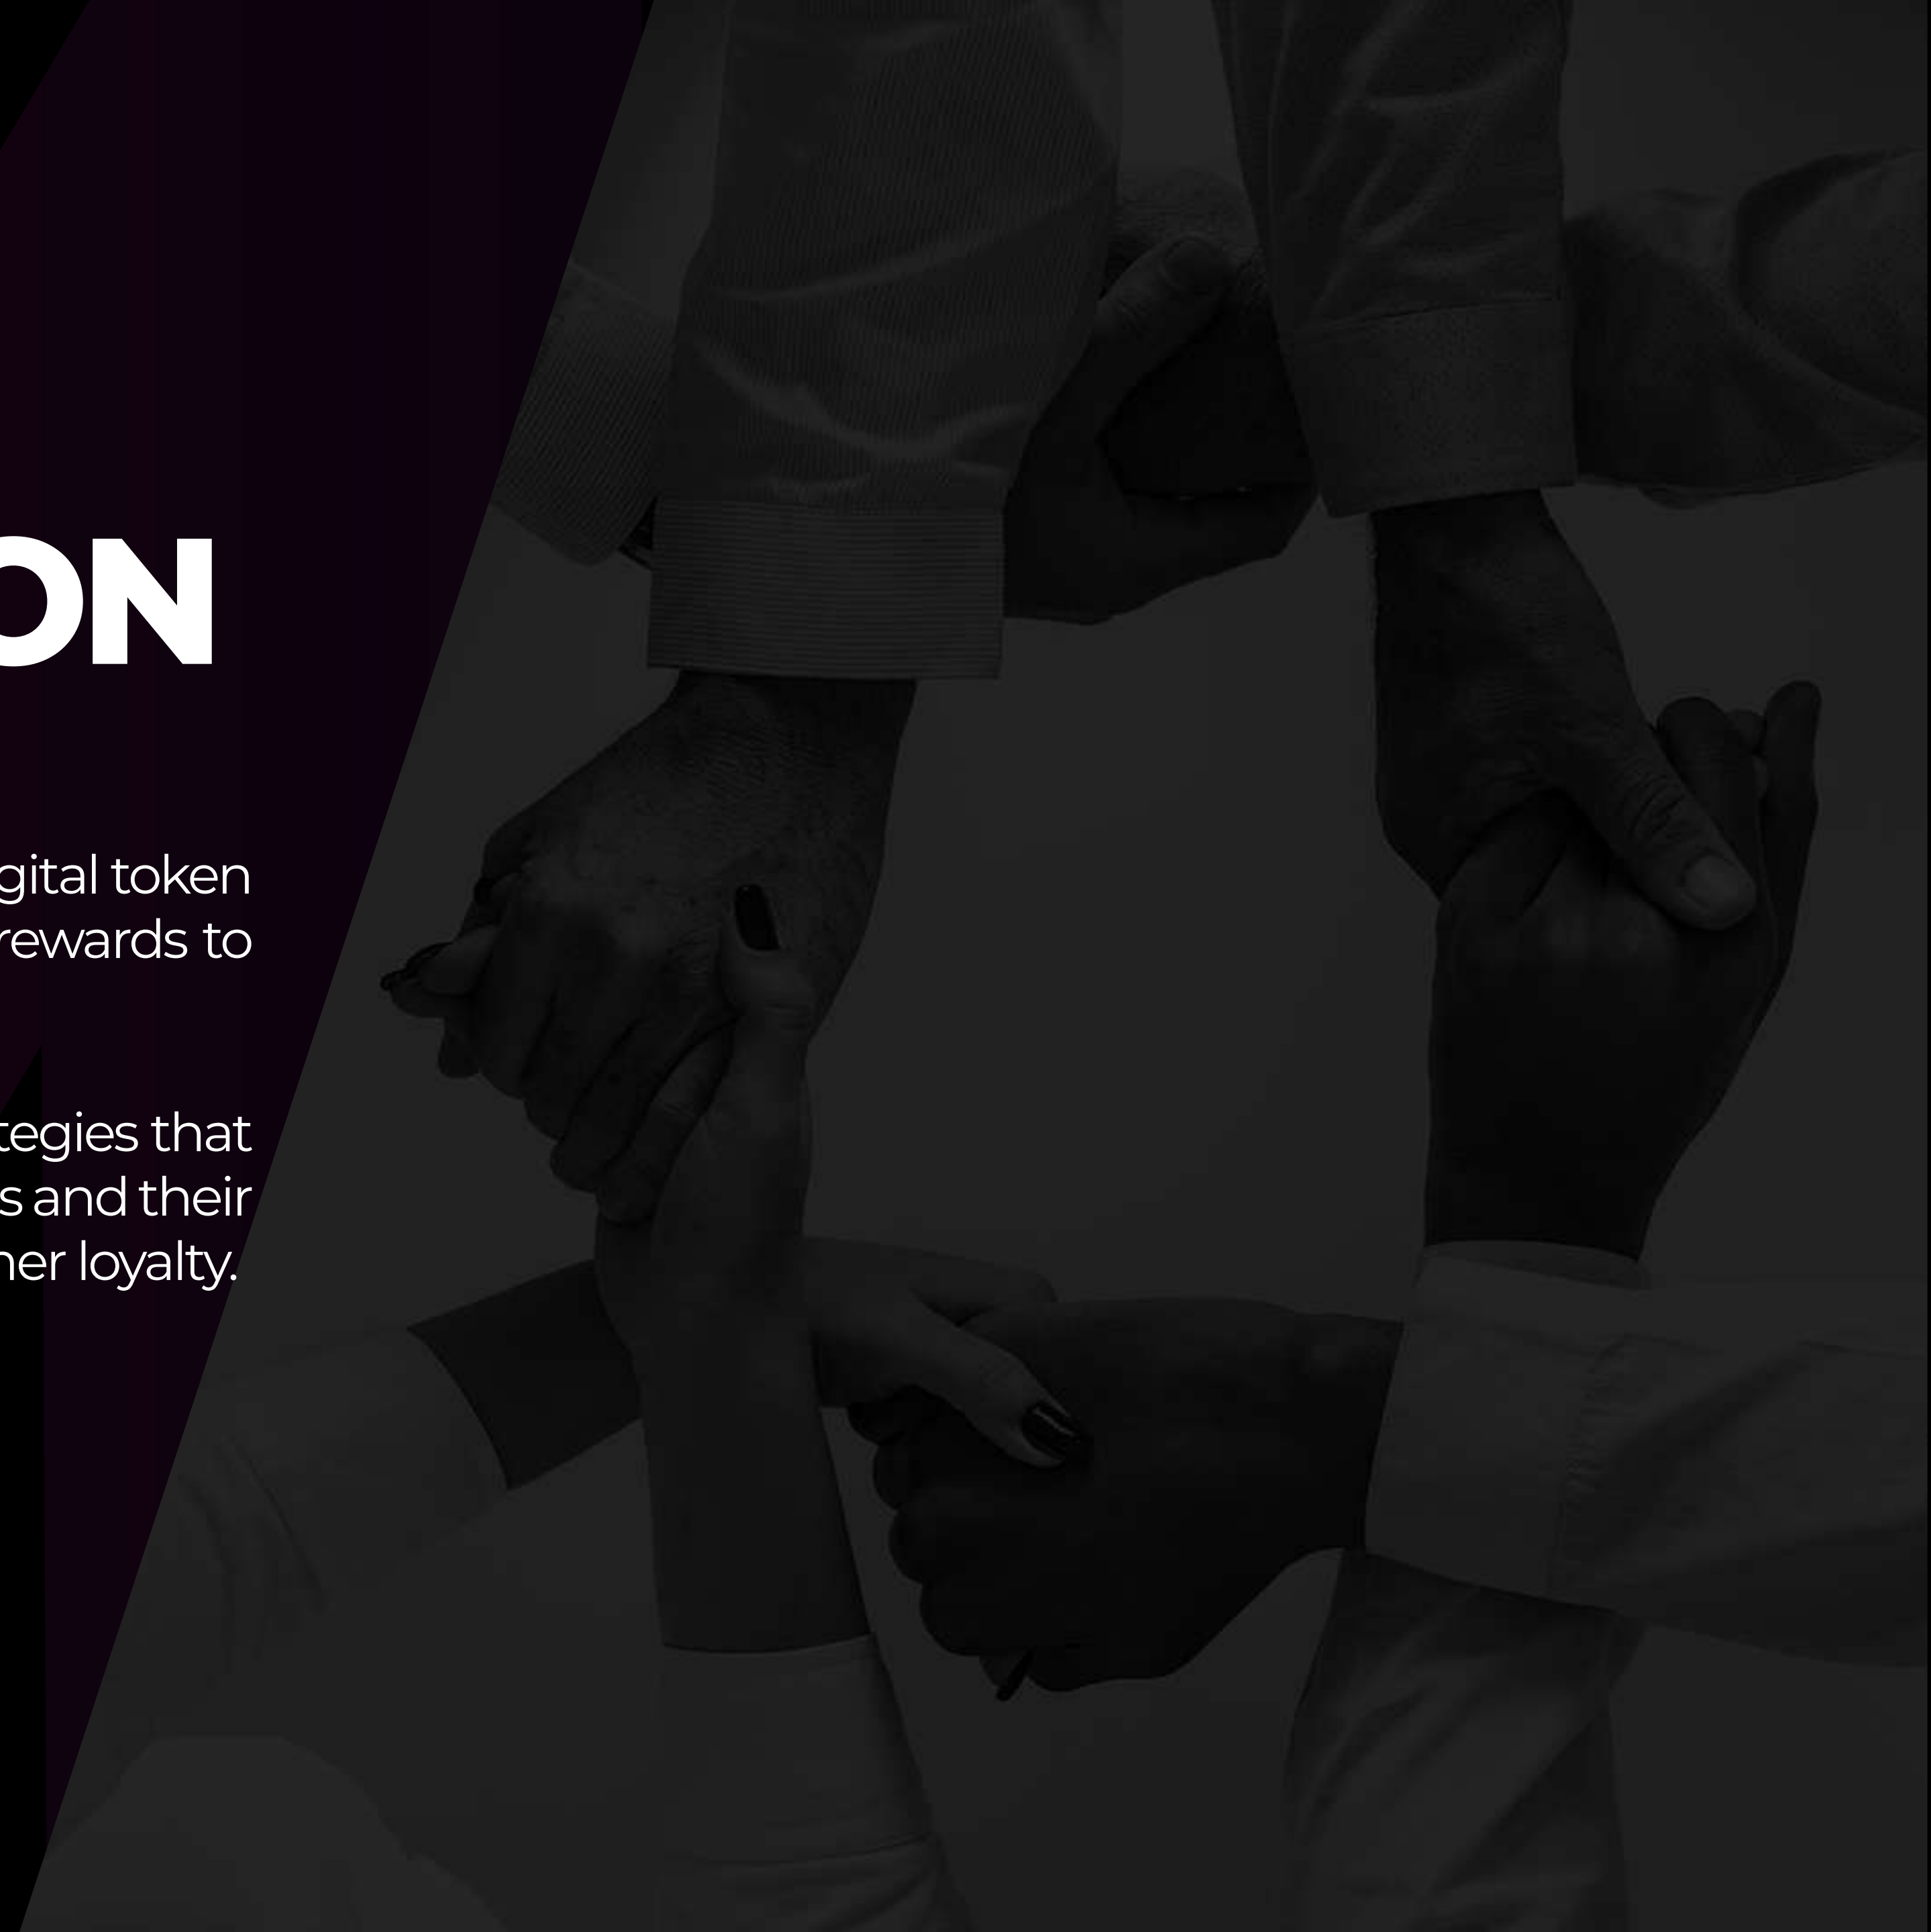

Our purpose is to promote the growth of small and medium-sized business which have not yet made a full jump to the digital transformation providing marketing, consulting and loyalty tools of new customers through the flowertoken community.

# OUR MISSION

To consolidate and position as the most used digital token at the market of traditional trades, generating rewards to community for promoting and supporting them.

To constantly develop marketing apps and strategies that add to the growth of crypto assets in the markets and their allied businesses by increasing sales and customer loyalty.

# FLOWER ECOSYSTEM

## FLOWER CONNECT

Ecosystem that promotes allied business and smart consume growth

## FLOWER WALLET

It offers an easy mobile app to administrate your tokens and coins, and lets you have a whole control of your private passwords at the same time.

## FLOWER TRAVEL
